## Have You Ever Tried Salem's Botanical Doctor?

He absolutely cures cancers, tumors, gravel, kidney and bladder troubles, bone diseases, asthma, skin diseases.

Instructions.

My Dear Friend:

You must bear in mind that this medicine is not a poisonous tonic, nor a stimulant, nor a temporary relief, which you get from poisonous drugs, where the results are sure death sooner or later. Those poisons go in your bones and destroy the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. Do not blame the medicine when it takes an effect and stirs up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build up a new body from the bones up. This is what the people do not understand.

ases—all without the use of the knife or poisonous minerals or mineral of any kind.

They are used to being humbugged. My medicines are composed of nature's herbs—what the human system requires. When the animals get sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with me. Do not get weary; this life is too short and too sweet to worry out of this world.

Dr. Cook cures all kinds of diseases. Dr. J. F. COOK, 301 Liberty St., Salem, Ore., is the man you ought to consult. He is a natural doctor. He is descended from a line of German herbals, the best physicians in the world.

This is his fourth year in Salem, and scores of patients and friends can testify to his skill in their cases.

Anti-Imperialists Inquiry.  
Boston, July 22.—A number of anti-Imperialists, including Charles Francis Adams, Moorfield Storey and Julian Codman, have gone to Belton's Landing, Lake George, to join other leaders of the movement in meeting a special committee to investigate affairs in the Philippines, and secure a

publicity of the facts. It is probable that after the meeting a statement of the facts developed will be sent to President Roosevelt.

Italian Cardinal Dead.  
Rome, July 22.—Cardinal Leobonici, of the Sacred Congregation of the Propaganda, died this morning.

## WILCOX AGAIN NOMINATED

## Home Rule Party in Hawaii

## Have a Row Over Adoption of Constitution

## Outbreak at Caracas Cause for Anxiety

Honolulu, July 15.—The home rule party, after a stormy session, during which the younger element of natives, led by Jonah Kanihianole (Prince Cupid) left the hall, bolting the convention, renominated Robert Wilcox congressional delegate. The bolters formed a party, "Hui Kuokoa" (non-partisan) and called a convention. The split occurred over the adoption of the constitution governing the party.

Washington, July 22.—Minister Bowen, at Caracas, Venezuela, cables the state department as follows: "The Marietta is to proceed at once to ascertain the facts of the blockade at Carupano. An attack upon Puerto Cabello is expected hourly by the government. President Castro has expressed his intention of proceeding to that place."

## LATIMER MURDER CASE

## Identity of the Murderer Yet Undiscovered.

New York, July 22.—Wm. H. Tutbill, the man in the Latimer case, was the principal witness in today's session of the coroner's inquest inquiring into the mysterious shooting of Latimer. He declared that his relations with Latimer and wife were cordial, and that at Latimer's death they were good friends. He denied that his relations with Mrs. Latimer were improper. His statement seemed flawless, and left little or no opening to connect him with the crime.

Mrs. Latimer, widow of the murdered man, was the next witness. She said the man who shot her husband, wore a black mask, and she had no doubt he was a burglar.

Fatal Boiler Explosion.  
Philadelphia, July 22.—The boiler tube on the steam launch Mangold, owned by W. B. Stanger, of Pensacola, N. J., blew out yesterday while the yacht was lying in the Delaware river, opposite Torresdale. A Warren Stanger was knocked overboard and drowned, and J. W. VanWinkle, the engineer, was fatally scalded. The other occupants of the launch escaped injury.

## Western Miners Averse to Strike.

Topeka, Kan., July 22.—An interstate convention of the miners of Kansas, Mississippi, Indian Territory and Arkansas was called in this city, for the purpose of determining what action the miners of the West will take regarding the enforcement of demands upon the operators. The wage scale for the ensuing year has not yet been agreed upon. The general feeling among the miners is in opposition to a strike, especially since the action of the Indianapolis convention, unless it should become necessary then to enforce their demands upon the operators. September 1st was set as the time when some kind of a settlement must be made. The conference will probably be in session for several days.

## Mrs. Mackay Is Prostrated

London, July 22.—Mrs. Mackay is so prostrated by her husband's death that doctors were summoned today. They have ordered her to take complete rest. The date on which the deceased millionaire's body will be taken to America, where it will be interred, has not yet been decided upon.

## LADRONE CHIEFS ESCAPE

## Broke Through Cordon, and Are Now in the Mountains

Manila, July 22.—The drive organized in the province of Cavite last week for the capture of Felizardo and Montallon, Ladrone chiefs, has failed. The chiefs broke through the cordon and escaped to the mountains. Twelve hundred constabulary were engaged in the drive, covering an area of 50 square miles.

## THE GAMBLE IN CORN

## Goes Merrily on by Chicago's Shorts.

Chicago, July 22.—A sensation in corn on the board of trade occurred just before the close this afternoon, when the price advanced rapidly from 60½ to 67, closing at 66½. The buying by shorts caused the jump. Tomorrow, it is expected, will see the squeeze in full operation, with no let-up until the men in the deal are convinced there is no further use for maintaining the high price.

## JEWELS NOT YET LOCATED

## Mother of Major Strong Pros- trated by Son's Disgrace.

New York, July 22.—The statement is made this afternoon that Mrs. Strong, mother of Putnam Strong, for whom the police are searching to find out what he did with \$200,000 worth of May Yohe's jewels, is seriously ill. Her son's escape, it is said, has caused her illness. May Yohe this morning threw all the articles that Strong left behind him, at the cottage on the Hudson, into the refuse pile. The police have found no trace of Strong. Nearly every pawn shop in the city is being searched for the missing jewelry, but only a small portion of it has been located.

## General's Are Appointed

Washington, July 22.—General Fred Grant has been offered the command of the department of Texas, to which General Jacob Smith had been assigned before his retirement.

Washington, July 22.—The president today appointed Col. Thos. Ward, brigadier-general, to fill the vacancy created by Gen. Jacob Smith, retired.

Dr. James Cooper Dead.  
Alameda, Cal., July 22.—Dr. James Cooper, a pioneer scientist of the Pacific coast, is dead in this city aged 72 years. He was a veteran of the Civil War and honorary member of numerous scientific societies, being the author of standard works on ornithology, conchology and other branches of science. He was physician to the government expedition which in 1853 made a survey for a transcontinental railroad from St. Paul to Puget Sound. He served as army surgeon in Oregon and this state, and was a prominent member of the California Academy of Sciences.

Glovemakers Win a Victory.  
Chicago, July 22.—After a strike of nearly two months' duration, 1900 men and girls employed in the glove factories of this city have returned to work. President P. H. Roe, of the Glovemakers' Union, announced that the organization had won a victory, and that the factories whose employees had struck had signed the union scale.

The supreme court of Topeka, Kan., issued a writ ousting the American Book Company from the state of Kansas, and depriving it of the right to transact business as a corporation in that state, until it secures a charter.

## JAPANESE CAUSE TROUBLE

## Among Fishermen On Fraser River

## Force Indians to Quit Work At Point of Pistols

## Will Not Confirm to Union Scale of Wages

Victoria, B. C., July 22.—Although the union fishermen and the cannery have agreed upon rates to be paid this year for salmon delivered at the canneries, the annual trouble in connection with this industry is being caused this time by the Japanese, who do not wish to fish according to the Union scale of prices. The Japanese are trying to intimidate those who desire to fish, and have been maintaining patrol boats on the Fraser. To the few Japanese who desire to fish, it has been intimated by these patrol boats that they had better draw in their nets. Indians have been similarly ordered to stop fishing by the Japanese, who far outnumber those of all other nationalities combined. So strained has the situation become at the fishing village of Stevenson that the superintendent of provincial police has gone thither, accompanied by a number of constables, to prevent a possible trouble. Notwithstanding the presence of the officers, eight Japanese forced two Indians to cease fishing at the point of revolvers. Net cutting has also been commenced by the sly Japanese.

## Affairs of all Nations

The port of Carupano has been declared blockaded. Fifty-six persons were drowned in a ferry boat accident in Russia. Whitelaw Reid is visiting Andrew Carnegie at Skibo castle, Scotland.

Joseph Chamberlain, British secretary of colonies, has entirely recovered.

The Pope will protest to France in its campaign against religious associations.

A terrific wind and rain storm, involving great loss, raged over Southern Russia Monday.

J. W. Mackay, who died in London, is to be interred in Greenwood cemetery, New York.

Free grants have been allowed by Great Britain in aid of the sugar industry of the West Indies.

The Porte has advised the Sultan to issue an irade ordering reforms in Macedonia, the scene of recent lawlessness.

The British government asks for \$25,000 additional for the expenses of the coronation, caused by its postponement.

The British government is likely to prove that J. W. Mackay was domiciled in England, and will collect \$1,000,000 death duty.

Three hundred Americans are to be decorated by Emperor William in recognition of Prince Henry's visit to the United States.

The Irish census shows that during the half century over 3,000,000 persons emigrated from Ireland, of which 80 per cent. have come to the United States.

## MURDEROUS AFRICANS

## Capture Traders and Cut Up and Burn Their Bodies

Lisbon, July 22.—The governor of Zambezia has notified the authorities of the dispatch of a punitive expedition, consisting of 300 Europeans and 700 natives from Chinda Barea, to suppress a native insurrection in Angola. The natives there have committed many barbarous acts against resident Europeans, having destroyed their property and compelled an exodus of the white population to the coast.

Seventy white persons have reached Covo Rodondo in a sad plight. They had traveled 250 miles on foot. Much anxiety is felt for others. It is reported that a number of traders who were unable to escape have been captured by the natives, who cut up and burned their bodies.

## NEW NATIONAL PARTY FORMED

## Will Make Referendum a National Issue —Free Silver a Dead Consideration

New York, July 22.—At a conference, just held at Manhattan Beach, in which the principal participants were United States Senator R. F. Dabola, of Idaho; ex-Senator R. F. Pettigrew, of South Dakota; Professor Garrett Duggan, of South Dakota, for 19 years professor of political economy in the Imperial University, Tokyo, and George Shibley, of Washington, plans were discussed for the organization of a new national party.

So far as it has gone, the new party seems to be an effort to unify the so-called Liberal Democracy, which already has state organizations in New York, Massachusetts, New Jersey, Ohio and Iowa. Mr. Shibley presented for the consideration of the other members of the conference a complete outline of a plan for a national organization on lines similar to those of the state organizations of the Liberal Democracy. At the close of the conference, Senator Pettigrew gave a statement, in which he said:

"Mr. Bryan will not be the candidate of the regular Democracy in 1904, but he and his friends hope that he will have much to say regarding the platform and the management of the campaign. If he does not, Mr. Bryan and his associates will form a new party, based on the Kansas City platform."

"Free silver will not again be a political issue. When we demanded the free coinage of silver we wanted more money. Since then immense new gold fields in Alaska and South Africa have been opened; there is more money than ever before, and greater prosperity. This result is what we predicted when we asked for more money. Times are good in the West, in spite of the beef trust. The farmers get more for their cattle, and higher prices for their cereals."

"But on other principles, aside from silver, the West has not changed. We adhere to the original principles of Democracy, although the country is fast drifting away from all its old moorings. The main trouble is the departure from the original form of government. A Fourth of July oration of 10 years ago will not fit today."

Mr. Shibley, who drafted the outline of the new party, said:

"I have been engaged for years in the effort to establish the referendum, not as a party issue, but as an essential to majority rule. We have now an organization in each state which intends to put all candidates on record on this question, and it is bound to be made a campaign issue, sooner or later."

## Killed Wife and Paramour

Harrisburg, Pa., July 22.—Wm. Flier this morning shot and killed his wife and Harry Bennett, with whom he claimed his wife was intimate.

## PROTECT CAPE HAYTIE

## Uncle Sam Called Upon to Send Warships

Washington, July 22.—The state department has called upon the navy for warships to be sent to Cape Haytien, Hayti, to protect American interests, and also citizens of other countries resident there. The request was based upon the following dispatch from the United States consul at Cape Haytien: "Troops and government warships are approaching to bombard Cape Haytien. There is great excitement among foreigners as to their personal safety."

## They Were Not Irish

London, July 22.—Col. Arthur Lynch, accused of treason for fighting with the Boers, was arraigned today and again remanded. Albrecht Viljoen, an ex-member of the Irish Brigade, with which Lynch was connected, testified that the members of the brigade were no more Irish than he himself is.

Rev. and Mrs. J. H. B. Royal went to Portland this afternoon, to be absent several weeks with relatives.

## LABOR LEADER COMING

## Sam'l Gompers Pres- ident of A.F.L.

## Is Coming to This State First Week in August

## Big Demonstration to Be Held in Portland

Portland, July 22.—One of the biggest events of the year in labor circles will be the visit of the president of the American Federation of Labor, Samuel Gompers. He will be in Portland on August 4, and will be accompanied by James O'Connell, third vice-president of the American Federation, and president of the Machinists' International Union, and Max Morris fourth vice-president of the American Federation, and secretary and treasurer of the Retail Clerks' International Union.

Arrangements are already being made to have a great demonstration, and a labor mass meeting on the occasion of his visit, when the labor question will be discussed by these men. The labor leaders here are anxious to have the attendance at the meeting as large as possible, and wish to have the people present who are not already acquainted with the labor situation.

## Walked for the First Time.

Cowes, July 22.—The king walked yesterday for the first time since the operation was performed upon him four weeks ago. His majesty continues to improve in all respects.

## Electricity Is Life

Electricity is life. Lack of electricity is death. Electricity constitutes the chief element of the vital force of the brain and body. In this era of haste and waste a large proportion of deaths are caused by heart failure, or a slow electrical state. Sickness indicates that the body is lacking in vitality or electricity, and the proper and natural remedy, therefore, is to supply the deficiency.

The wonderful recuperative powers of electricity are clearly shown in the fact that when persons are at a stage where life has nearly gone, as in cases of drowning, poisoning, etc., electricity is applied as the surest and most powerful remedy. It succeeds where all else fails. Dr. Darrin has effected some marvelous cures by means of this wonderful force. The following list of those whom he has cured will doubtless prove interesting:

B. Baxter, 178 Ferry street, Salem, Ore., tumor cured.

Mrs. L. G. Jaeger, of 126 South Third street, Tacoma, writes she is cured of an aggravated case of stomach, liver trouble and sick headache. T. J. McClellan, postmaster at Tenino, Wash., almost total deafness, cured four years ago, and remains permanent to this day. Miss Tillie Grandall, Edinburg, Wash., eczema, or skin disease, restored; Henry Von Heim, Sandy, Or., cancer on the face and scrofulous catarrh, cured by electricity.

Conductor A. P. Cochran's son, South Bend, Washington, impure blood, catarrh, eczema and discharging ears, cured.

Miss Kittie Dickson, of Seattle, catarrhal gastritis, severe pains in the stomach and nervous prostration, cured and feels like a new woman.

W. H. Austin's wife, 206 N 18th st., Portland, confined to her room nine months with an affliction called "nervous abhorrence of light," accompanied with inflammation, cured.

Truman Butler, The Dalles, Or., chronic rheumatism and contracted joints and impoverished blood, all of years' standing, given up by all treatments until Dr. Darrin cured him.

C. F. Fowler, Yakima, Wash., total deafness in one ear, cured in ten minutes. Also, a Pterygium, or fleshy growth, was removed from the eye which had nearly rendered him blind.

Dr. Darrin gives free examination to all, and when necessary gives medicine in connection with electricity. The poor treated free from 10 to 11 daily, except medicines. Those willing to pay, 10 to 5; evenness, 7 to 5; Sundays, 10 to 3.

Errors of youth, blood taints, gleet, impotency, varicose veins, catarrh and stricture as specialty. All chronic male and female diseases treated at \$5 a week, or in that proportion of time, as the case may require. No cases published except by permission of the patient. All business relations with Dr. Darrin strictly confidential. Letters of inquiry answered. Circulars and question blanks sent free. Eyes tested and glasses fitted. Dr. Darrin's offices are at the Willamette Hotel, Salem, until September 1st.

## Gold Beaters On Strike

Philadelphia, Pa., July 22.—A strike was inaugurated yesterday throughout the country by the United Goldbeaters' National Union of America. In this city, according to Ellis Gray, president of the local union, 85 goldbeaters and 40 apprentices are on a strike. The tie-up, he said, is to be complete, everywhere. There are about 400 goldbeaters in the United States, and all are members of the union. They demand the discharge of the women employed as mold fillers, who, Mr. Gray says, do the work at the rate of 18 cents, for which the goldbeaters formerly received 30 cents. The beaters, he claims, can only earn \$12 to \$15 a week.

## NO CLEW TO THE ROBBERS

## Of the Chicago Safety De- posit Vaults.

Chicago, July 22.—The police are entirely without clews to the alleged robbery of the Masonic Temple safety deposit vaults. All employees were questioned, but nothing tangible has been adduced. The president of the company admitted today that none of the employees of the company received over \$75 per month, and that his salary is only \$60.

## Rich Strike in Bohemia District

Cottage Grove, Ore., July 22.—Reports sent here last evening from Bohemia, by telephone, are to the effect that the Crystal Consolidated Mining Company has made an important find of six feet of solid ore, which goes heavy in free gold. The find was made in a cross-cut, driven to ascertain the width of the ledge. The hanging wall has not been reached.

## Earthquake At Kingston

Kingston, St. Vincent Island, July 22.—A severe earthquake shock Monday morning greatly frightened the people, many of them remaining in the streets all night for fear of a renewal of the shock. The property damage is considerable.

## Distinction of a Filipino.

Washington, July 22.—Of all the designs submitted for new Philippine coins, authorized by the last session of Congress, those drawn by Figueoas, a native Filipino artist, have been adopted best, and will probably be adopted.
